THREE KILLED AMID RENEWED VIOLENCE IN MANIPUR

Fresh reports place civilian safety and regional peace under renewed scrutiny.

Illustrative editorial photograph • October 20, 2026

Reports of violence in Manipur have once again placed the protection of communities at the centre of public attention. Three people were reported killed, with families and local residents seeking answers from authorities.

The developments are being closely followed across the Northeast, where concerns about peace, access and inter-community confidence remain significant. Officials face calls to establish the facts and prevent further violence.
